

INDUSTRY

Industry 4.0 In Manitoba: Are we ready? Advanced Manufacturing Workshop

Thursday, June 14, 2018

8:30 a.m. – 4:00 p.m.

E2-350 Engineering Bldg (EITC), University of Manitoba

Lunch & refreshments provided

To register for FREE, please visit: www.surveymonkey.com/r/P8P363X

This workshop aims to provide participants with an understanding of Industry 4.0 and how it can be applied in a Manitoba context. We will engage in multi-sectoral discussions to explore the opportunities that exist for Manitoba industry with respect to Industry 4.0, as well as the challenges we face. There is NO charge to attend this event!

The workshop features

- A presentation by Dr. Jean-Francois Héту of NRC
- An overview of Advanced Manufacturing/Industry 4.0 research capabilities at University of Manitoba
- Technology target area breakout sessions
- Local case studies of successful Industry 4.0 implementation

For questions, please contact Kathryn Atamanchuk, P.Eng., Engineer-in-Residence and Industry Partnerships Facilitator
kathryn.atamanchuk@umanitoba.ca

Sponsored by the Consortium for Aerospace Research and Innovation Canada (CARIC), the Centre for Engineering Professional Practice and Engineering Education, the NSERC Chair in Design Engineering, and WestCaRD.
